Sire Name: \_\_\_\_\_ Color: \_\_\_\_\_

Dam Name: \_\_\_\_\_ Chip: \_\_\_\_\_

Price: \$\_\_\_\_\_ Date of Birth: \_\_\_\_\_

**\*Deposits are non-refundable with exception of health issues. \***

*A veterinarian must check your new puppy within 5 business days or as soon as possible. Please send a copy of the report to us via email or snail mail.*

*This pup is guaranteed against any health or life-threatening genetic diseases for the first year of its life. Excluding ear infections, parasites, coccidia, or other common puppy illnesses. If a puppy would have a health or life-threatening problem that is determined to be genetic within the first year of its life, we will replace the puppy with a comparable puppy when available. You will need to get your veterinary report to us so our vet can also see it. You may return your puppy or not, however you choose.*

*The puppy you have agreed to take home with you today is a loving, healthy, little one and healthy as far as we can tell at this time.*

*We do not pay veterinary bills under any circumstances. If you take your new puppy to the vet, you must understand that you will be paying the bill. The puppy is yours after forms are signed and therefore your responsibility. If you feel unsure about the general health of this puppy, you are under no obligation to take it home with you. I will refund your deposit.*
